Subject: RE: Extension request for pesticide's QAPP

Larisa

I am requesting a 90 day extension for the Illinois Department of Agriculture's QAPP. 2 of the 3 parts of the QAPP have been submitted and the third will be submitted shortly.

Thanks

Subject: Extension request for pesticide's QAPP

Susan,

State cannot operate any FIFRA sampling/testing under expired QAPP. You need to submit an email to me asking for time extension for your expired QAPP (ASAP) , I can formally give you up to 90 days (from the June expired date) if you include justification for that extension. I cannot co- sign your next grant until we go through this and you may create some problems for you program financing. You already pass the time so badly, do it ASAP please.
